

MARHAMCHURCH METHODIST CHURCH.

Like most organisations it has definitely been a different year. The Church and adjoining room were closed from March 2020.

The Church began services at the end of September and then had to close for the month of November due to lockdown but reopened again for December and 1st week in January but were then closed again until Easter Sunday.

The Sunday School room has been completely redecorated and is looking superb and are hoping to welcome old and new groups as soon as restrictions are lifted. The front wall has all been replastered and decorated which is so good to see.

Let us all hope that 2021 sees a lot more community events taking place.
