October 2026

B3254

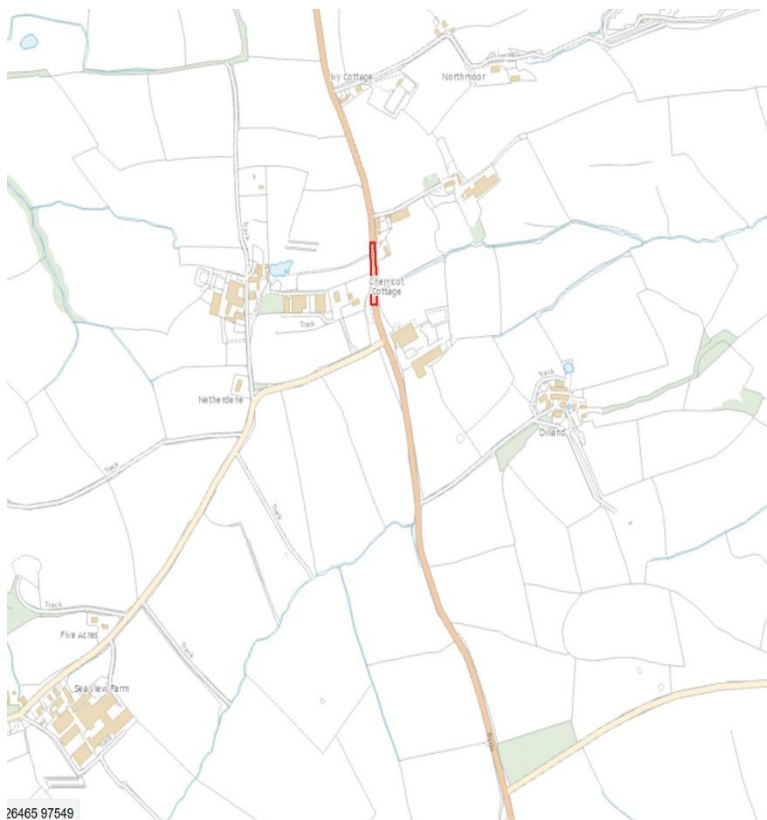

Whitstone, Bude Flood Prevention Measures

The B3254 south of Whitstone has experienced flooding episodes, creating safety concerns for road users and residents.

Following investigations and CCTV surveys of the existing drainage system, improvement works to increase drainage capacity and improve surface water management have been designed and will commence on **19th October, until 31st October.**

Works will include the excavation and removal of existing drainage assets and the installation a new carrier drain beneath the carriageway, with new associated drainage works including nine new gullies, five new manholes and a new larger drainage outfall.

Red box on map below shows the works location.

Traffic Management

Works will be carried out during daylight hours, initially using temporary traffic lights

From 26th to 31st October there will be a full road closure, between Cherricott Cottage and Sunnyside, for a distance of 100m, to allow the full extent of works to be carried out safely.

A signed diversion route will be in place.

Delays are likely, so please allow extra time for your journeys.

Access arrangements

Fencing will be in place to provide a safe route around our works.

Bus companies and the emergency services have been informed about the traffic management and will make alternative arrangements as needed.

Access for residents will be maintained at all times.

Working Safely

Our work sites, traffic management and road closure areas can be dangerous places.

Please do not enter the works area. This is restricted to authorised personnel only.

Getting in touch

For enquiries regarding these works, please email: contracting@cormacltd.co.uk

You can report an issue on a road, highway, or footway on the Cornwall Council website: www.cornwall.gov.uk/reportroad

If there is an issue which is a threat to public safety, please telephone 0300 1234 222 (24-hour service) giving details of the location.
